

I have recently been informed that I am in danger of losing my K-Love station, 94.9 FM, due to the new broadcast service known as LPFM. I DO NOT wish this to happen! K-Love is a wonderful, encouraging station that serves my community. I do not want it being displaced by another broadcaster providing different programming. K-Love's message is positive and encouraging - it serves our community in a mighty way. Please do not let it be displaced.

Thank you.
